

October: Let's pray for the Grace for a deeper trust in the Father's care for me.

October is traditionally the month of the Rosary. Let's commit ourselves to pray one decade of the rosary every day for healing to take place so we can change the world with our love. Let us pray for healing in ourselves, our husbands, our children, our parents, our siblings and all family members, for our friends, for our enemies, and for those that have no one to pray for them.

Prayer: Lord, we pray for healing in our world especially for those being persecuted for their faith. We pray for our families, for ourselves that healing will take place to make us into the person you created us to be. We pray for healing for our friends, our enemies and for those that have no faith. We pray Lord for a deeper trust in your care for us and our world. We pray for a deeper love that is seen by all we meet. Mother Mary, we ask you to intercede for us to your Son. Amen.
